MASSACHUSETTS SOLDIERS AND SAILORS

IN THE

WAR OF THE REVOLUTION.

NOTE. — All names are given exactly as they appear on the original records. The order of arrangement of the facts of service in each individual record given is the same, as nearly as possible, as the original entries, and is as follows: The name; the place of residence, if given; the rank; the kind of document whereon the record appears; the enlistment and discharge, if given; the time of service; remarks.

A discrepancy will sometimes be noted between the service given and the actual service as figured between the dates of enlistment and discharge. The difference is accounted for by the practice of including, with service performed, a time allowance for travel on the basis of one day for every 20 miles out or home. As the same name may appear under various forms, each carrying some portion of a record of service, it is necessary in order to obtain the complete record, as far as preserved, of any given individual, to examine all the forms under which a name is stated to appear in the Record Index.

Letter from Samuel Dow to James Perkins, dated Boston, Jan. 15, 1786, in behalf of himself, said McIntosh, and others, stating that they had been employed as blacksmiths in the Quarter Master's department at Boston from early in 1776 to Jan. 1, 1778, when owing to depreciation of money their wages were insufficient, whereupon they applied to Col. Chase, Deputy Quarter Master General, for £9 specie per month, or its equivalent, as wages, but as they failed to receive any increased allowance, they applied to Gen. Heath, who promised to write to Gen. Pickering and secure the advance requested; they remained continuously in service until Sept., 1780, their pay remaining unchanged until March 1, 1780, when they were allowed £9 per month in specie notes; the claim for the extra allowance asked for was apparently not granted, as the foregoing letter was read in Continental Congress and returned to said Dow without action, and two endorsements bearing dates Boston, Oct. 15, 1788, and Sept. 27, 1790, show that the grievance of the claimants was not redressed at the respective dates.
